Re: MB Docket No.10-56

Dear Chairman Genachowski,

As the Community Outreach & Events Coordinator of Quad Communities Development Corporation (QCDC) in Chicago's Bronzeville community, I have had the unique pleasure of partnering with Comcast on several of our community initiatives. The Comcast staff has been remarkable in their efforts to bring the message of community and partnership to the forefront.

Since 2007, Comcast has been a continuous supporter of the "Groovin' on the Grove" festival boasting over 25 local musicians, 20 diverse food vendors and at least 1200 community residents in attendance since its inception.

This event gave all residents in the City of Chicago the opportunity to come and celebrate the revitalization of the Cottage Grove Corridor and experience a fun-filled afternoon complete with good food, new neighbors, old friends, vendors from local businesses and some national & internationally known artist, as well as home grown entertainment.

QCDC's mission is to convene residents, organizations, businesses, and institutions within the Quad Communities to plan, guide, support, and monitor human infrastructure and community development activities that will create a sustainable, healthy, mixed-income neighborhood.

Comcast has taken the initiative to pursue this partnership year after year. In all of my years of event planning, it is very rare that a sponsor would make that call asking to come back again next year! I think that is absolutely fabulous.

In regards to the current proposed relationship between Comcast and NBC Universal, I envision an opportunity to broaden their scope of community involvement and the possibility of future endeavors to create a vibrant and sustainable community for years to come. Thank you Comcast and your Chicago staff for your contributions above and beyond expectation.

Sincerely,

Yvette Kelly
Community Outreach & Events Coordinator
Quad Communities Development Corporation
